

Notice Pursuant to The National Cooperative Research
and Production Act of 1993 -- AARST Consortium on National
Standards

Notice is hereby given that, on October 28, 2022,
pursuant to Section 6(a) of the National Cooperative
Research and Production Act of 1993, 15 U.S.C. § 4301 et
seq. ("the Act"), AARST Consortium on National Standards
("AARST Consortium") has filed written notifications
simultaneously with the Attorney General and the Federal
Trade Commission disclosing (1) the name and principal
place of business of the standards development organization
and (2) the nature and scope of its standards development
activities. The notifications were filed for the purpose
of invoking the Act's provisions limiting the recovery of
antitrust plaintiffs to actual damages under specified
circumstances.

Pursuant to Section 6(b) of the Act, the name and
principal place of business of the standards development
organization is: AARST Consortium on National Standards,
Hendersonville, NC. The nature and scope of AARST
Consortium's standards development activities are:
Standards of practice for radon measurement in all
buildings; Verification of quality for radon measurement
systems and quality assurance for field and laboratory
operations; Standards of practice for mitigating radon and

soil gas hazards in existing buildings; Standards for building design in new construction to mitigate radon and soil gas hazards; and Standards of practice for both measurement and mitigation of hazards in existing buildings due to radon in water.

Suzanne Morris,
Deputy Director of Civil
Enforcement Operations,
Antitrust Division.
